

BIPOC & LGBTQ+ Entries

One of the things we strive for is to create inclusion and equality in the running community. As much as we want to say that all you need to run is a pair of shoes, we know the reality is much more complex.

To create intentional space for people, we have a number of free entries for our [Tour De Trail race series](#) that we would like to extend to BIPOC and LGBTQ+ athletes. We would like to emphasize that these are not need based or scholarships. These entries are an affirmation of belonging in our community. We are not in any way publicly advertising who accepts an entry, and you do not have to be an out member of the LGBTQ+ community to receive one. We are not questioning or asking for additional information from anyone who asks for a code, they will be handed out as long as we have funding to do so.

If you would like a code, please email us at teamsparklellc@gmail.com . We have earmarked funds for both BIPOC and LGBTQ+, and if you feel comfortable telling us which funding you would like us to pull from we would appreciate that, though you are not obligated. Please feel free to share this offer with friends.
